Transparent & Fair

1 Two Transparent Sourcing Models on ZinToop

ZinToop bridges the gap between global buyers and Tunisian terroirs through two flexible trading channels tailored to your company's procurement strategy and risk profile:

01. Open P2P Marketplace

0% FEE

International buyers browse live listings and negotiate directly with farmers and mill owners on zintoop.com. Free access, zero subscription charges, and zero platform transaction cuts.

- Direct phone/chat connection with registered producers
- Live spot prices and direct negotiation
- Buyer handles own logistics & quality testing

02. Turnkey Brokerage & Escrow

1% FLAT

ZinToop acts as your official licensed buying representative in Tunisia: rigorous batch selection, certified ONH lab testing, contract escrow, port containerization, and customs clearance.

- Certified ONH/COI chemical and organoleptic panel assay
- EUR.1, Certificate of Origin & Phytosanitary documents
- Flexitank & container port loading supervision (Sfax/Rades)

2 Live Certified Olive Oil & Olives Inventory

Our platform continuously audits and consolidates real-time storage metrics across certified mills and cooperatives, ensuring complete traceability, acidity verification, and immediate stock availability:

Total Certified Olive Oil 1,683,071 L

- Extra Virgin Olive Oil (EVOO / بكر ممتاز): **1,424,545 L (84.6%)**
